REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Upon reconsideration, Smith et al does not teach (claims 5 and 50) the welded to the axle in at least one opening formed laterally through the sleeve (Smith et al would not have an opening laterally through the sleeve since it is welded together before welding to the axle, and as noted in appellant's brief, Smith et al is silent as to how specifically the sleeve is welded to the axle).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
